About Foundation Surgical Hospital Specialty Orthopedic and Spine Care

The Foundation Surgical Hospital (FSH) offers Specialty Orthopedic and Spine Care in the Houston area. FSH is licensed as a general hospital with 10 operating rooms and 64 spacious private inpatient rooms. A concierge wing offers eight private rooms with attached guest rooms.

FSH SERVICES

FSH offers these services: Operating Rooms, Nursing, Physical Therapy, Respiratory, Imaging (MRI, CT scan and Fluoroscopy), Emergency Treatment, Social Work, Laboratory and Pharmacy.

PATIENTS SERVED

The Hospital serves patients ages 14 and older with orthopedic and spine needs. FSH specialty programs include Joint Replacement and the Back to Health for spine surgery.

PROCEDURE AND PAYMENT INFORMATION

FSH has contracts with the major insurance companies in the Houston market and negotiates case-by-case for non-contract cases. FSH is Medicare certified.

LICENSE/CERTIFICATION/ACCREDITATION PLAN

FSH is licensed by the State of Texas as a general hospital, certified by Medicare as a specialty hospital and is accredited by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO).

MEDICAL CAMPUS

The Hospital and the adjacent Foundation Medical Tower (FMT) are connected on the first and second floors. Parking garages are conveniently located beside the Hospital and FMT.
